TAACO TFA Rules & Guidelines

NO JEWELRY, ear rings or piercings of any kind are allowed while in uniform. This is for your safety and to ensure you are portraying a positive, professional image of Animal Control Officers. In addition, tattoos of questionable taste will be required to be covered.

Males are required to have their hair cut/styled in a manner appropriate for the profession of law enforcement: above the ears and collar. It is recommended that Females wear their hair short (collar length or less) or in a pony tail during class, this too, is a health & safety precaution. No facial hair except for groomed mustaches is allowed.

Uniforms shall always be worn in a neat and professional manner at all times during class and Academy functions, unless otherwise instructed. Pants must fit properly and be worn at the waist with a belt.

Personal Protection Equipment will be required at times during certain segments of class. (Required equipment such as: gowns, coveralls, aspirators, gloves, safety shield/glasses or goggles will all be furnished by the Academy.)

In accordance with the Texas Education Code, the possession and use of Tobacco products on the premises of an educational facility are prohibited. However, since TAACO is a private facility a special area is posted for smoking at various times for those **of age to legally possess and use tobacco (18 years of age)**. However we strongly urge students not to use tobacco products anytime. Animal Control can be an extremely physically demanding job and it is in one's best interest to be physically fit.

Possession and/or the use of drugs or alcohol of any kind are strictly prohibited at the TAACO facility. Those **of age 21 or older may consume the alcoholic beverage** of their choice **away from the facility**, and after the course is completed for the day. However, the TAACO staff does not recommend or condone alcohol consumption. You are here to learn, not to party. **Purchasing and/or consuming alcohol in uniform is strictly forbidden at any time.**

Students are expected to be in their seats and ready for class PROMPTLY at 08:30 hours each day, except when directed otherwise.

There will be at least 2 off facility field trips during the course. Students may want to bring a small ice chest or back pack.

Parents and family members are welcome to visit anytime. However, we would appreciate the visits to be on Wednesday afternoons.

We are excited about having each of you in the TAACO TFA training course. You are embarking on an adventure of a life-time, in preparing to enter a profession that very few will attempt and even fewer will remain in. It takes a very special person to do animal care & control and/or humane law enforcement. You will be at the top of the hiring lists upon graduation from the Texas Academy of Animal Control Officer TFA. We will assist you in every way to see you become employed in your chosen field.
